 South African **Chenin Blanc**
 California **White Zinfandel (Blush)**

BC ORGANIC APPLE CIDER \$125

We are now offering a Hard Apple Cider made from apples grown in the Oyama area of the BC Interior From an Organic Orchard.

The product is made very DRY but can be sweetened to your taste.

The product contains a great deal of minute apple pulp fragments. While it is possible to clear these products so they are crystal clear it requires the addition of animal based proteins. Since we don't use these products in any of our wines, our products are considered VEGAN, as is the cider.

BOTTLES EXTRA.

Carbonated beverages require 24 hours notice for bottling preparation.

Red Ribbon

REDS Age for 1– 3 months

Packed with attitude, these wines deliver a bit of a punch with their full flavor and slightly higher alcohol content.
